This image shows the internal components of a Ricoh Aficio 1025SP laser printer. The front cover is open, revealing the toner cartridge (labeled 1), the drum unit (labeled 2), and the laser unit (labeled 3). The printer is a compact, light blue device. The internal components are mounted on a metal frame. The toner cartridge is a large, black, rectangular unit. The drum unit is a smaller, black, cylindrical component. The laser unit is a small, black, rectangular component. The printer is shown from a front-three-quarter view, highlighting its compact design and the accessibility of its internal components for maintenance.
